Daily Ground Beef

While others grind and re-grind, we use only fresh meat prepared each morning to guarantee quality. This assures the highest flavor in ground beef as well as fresh ground lamb, pork and veal.

Daily Fresh Chicken

"Freshness you can taste." That's how our chicken has been described. Delivered fresh each morning, you are guaranteed quality and good flavor with our grown-in-Washington chicken.

We are located under the clock, near Rachel the bronze pig, between Pike Place Fish and MarketSpice.
